

The Montgomery County Council of Parent-Teacher Associations

February 14, 2009

Dear Cluster Coordinators:

I would like to thank everyone who testified on their cluster's CIP concerns to the County Council on Tuesday evening. The five days' notice that the County Council gave us about this opportunity was very short. The commitment from our MCCPTA members, especially on such short notice, to advocate on behalf of our children for full funding of the Recommended CIP and their schools is appreciated.

I am very grateful that so many of you were able to be present or send in written testimonies. Your advocacy is one that speaks for children.

Sincerely,

Kay Romero
President
MCCPTA
