MCCPTA Curriculum Committee Report

Point of Contact: Merry Eisner

As the 2008-2009 school year draws to a close, the Curriculum Advisory Assembly and Curriculum Advisory Committees have all met for the last time. Many thanks to the parents who gave of their time and participated in these meetings. Rebecca Smondrowski and Merry Eisner met with Erick Lang and Betsy Brown from the MCPS Department of Curriculum to discuss ways to improve these meetings and better capitalize on parent interest in curriculum in the years ahead. MCPS and the curriculum committee will continue to work together in an effort to provide the best possible forums for parent involvement.
