

## **MCCPTA Committee Update – May 2007**

### **Reflections Committee**

The MCCPTA Reflections year concluded with our awards ceremony April 25th at Northwest High School. Close to 300 people were on hand to see both art on display, and 120 awards given out to students on grades K - 12. The NWHS Jazz Band provided entertainment while people viewed the art on display. Thanks to all of you who helped out with this event!

Congratulations to the 33 Montgomery County students who won state Reflections awards, including seven first place winners. They will be recognized at the state ceremony on May 20th. An extra special congratulations is in order to our two national winners - Chelsea Park of Lakewood ES and Akila Ambagal of Farmland ES. Both of these students won national awards of excellence in the visual arts category.

Come to MCCPTA Spring Training on May 30 to learn about Reflections. We will go over the basics and I will ask questions. I hope to see you many of you there.

Finally, my term as county Reflections chair will end this June. It has been my privilege to have been our county Reflections chair for the last 6 years.

Neal Meyerson, Committee Chair
